REPUBLICAN NOMINATION.

FOR PRESIDENT,
Abraham Lincoln,
OF ILLINOIS.

FOR VICE PRESIDENT,
Hannibal Hamlin,
OF MAINE.

Baltimore Convention.

At the following, from the Baltimore Patriot, whose Editor wrote it after an intimate acquaintance with his subject: "One consideration goes to show its truth, and that is, the fact that it was published while the Convention was in session. Another consideration shows its truth—the fact that there has been a fight on the average, every day since the Convention met. Comparing the three presidential Conventions together, the Democratic certainly suffers."

Here is the extract: "We wish that, for a single day, (including the night) the great masses of the people of this nation could see the things now in progress in this city. We would that the people could witness the proceedings, in and out of the Convention, of those who profess here to represent their sentiments and wishes—who are sent to the Convention, and the Convention, the judgment, the patriotism, and the devotion to the republic, which are all unquestionably, or ought to be, the characteristics of such enlightened citizens as those of the United States."

We feel no particular interest in the action of the Democratic Convention, further than a desire to see all such bodies conduct their sessions and debates in an orderly, decent, and quiet manner; and that those who are sent as delegates should conduct themselves as gentlemen should, outside the Convention as well as inside; after the session, as well as during it. We have no doubt that there are many such delegates who conduct themselves in this manner, and are usually quiet on that day, and filled with well-dressed gentlemen, on their way to or from their respective places of worship, or, in the afternoon, towards the country, were on last Sunday witnessed by the music of one of the Democratic bands, sent on to create harmony among the party. The neighborhood of the Convention was particularly honored on that occasion.

The hotels are crowded and doing a good business. The drinking shops are more crowded and doing a better business. The gambling halls and places are thronged, and doing the best business of all. The police have been very much relaxed, which was expected, after the publication of the Marshal's notice in relation to such places; and the proprietors, being generally of the true faith (indeed, as now, members of the Convention) have been very tenderly treated.

On the whole we do not look for any good result here from the Convention, other than the disgust which the behavior of many of its members, in and out, cannot fail to inspire."

LOCAL ITEMS.

Festival of St. John.

This gathering of the brethren of "the Myths" is to take place according to previous notice, in this city to-day. St. John's occurs annually on the 24th of June, and is intended to commemorate the initiation into the Masonic Order, of John the Baptist, which event was first observed by a Festival in the year 1741, according to the Masonic traditions.

The Grand Lodge, Royal Arch Masons, and St. John's Encampment of Knights Templars, with the American Brass Band, will arrive in the steamer Perry and Golden Gate at about 10 o'clock. These bodies will repair respectively to the Masonic Lodge on School Street, to Harmony Hall on Thames Street and the Armory of Charles Street.

As soon as possible after arrival, the procession will be formed by Chief Marshal Benjamin W. Coff and his Assistants, on School Street, the right resting on Tuoro, in the following order:

- 1.—American Brass Band, Joseph C. Green, Leader.
- 2.—St. John's Encampment of Knights Templars, as escort.
- 3.—Two Tylers with drawn swords.
- 4.—Tyler of the oldest Lodge.
- 5.—Two stewards of the old Lodge.
- 6.—Master Masons, four abreast.
- 7.—Stewards, four abreast.
- 8.—Junior Deacons, four abreast.
- 9.—Senior Deacons, four abreast.
- 10.—Secretaries, four abreast.
- 11.—Treasurers, four abreast.
- 12.—Past Wardens, four abreast.
- 13.—Junior Wardens, four abreast.
- 14.—Senior Wardens, four abreast.
- 15.—Royal Arch Masons, three abreast.
- 16.—Royal Select and Super-excellent Masters, three abreast.
- 17.—Perfect and Sublime Masons, three abreast.
- 18.—Princes of Jerusalem, three abreast.
- 19.—Rose Croix Masters, three abreast.
- 20.—The Blue Lodge, Grand Master of Sovereign Princes of the Royal Society, 32nd degree.
- 21.—Grand Tyler with drawn sword.
- 22.—Grand Stewards with white rods.
- 23.—Past Masters by three.
- 24.—Bible, Square and Compass by a Master of a Lodge, supported by two Stewards.
- 25.—Grand Chaplain and Orator.
- 26.—The Five Orders.
- 27.—Past Grand Wardens.
- 28.—Past Deputy Grand Masters.
- 29.—Past Grand Master.
- 30.—Deputy Grand Master.
- 31.—Master of olden Lodge, bearing Book of Constitutions.
- 32.—Grand Deacons with black rods, on a line 1 foot apart.
- 33.—GRAND MASTER.
- 34.—Grand Sword Bearer with drawn sword.
- 35.—Two Stewards with white rods.

The procession will move up Tuoro, down East Tuoro, John, Spring and Franklin, up Thames and North Baptist Streets to the Second Baptist Church, where the following order of exercises will take place:

1. Voluntary by Prof. E. A. Payne.
2. Grand Chorus: "Mazurka."
3. Reading Scriptures.
4. Ode.
5. Prayer by the Reverend Grand Chaplain.
6. Music by the American Brass Band.
7. Oration by the Reverend Brother Augustus J. Woodbury.
8. Denology by the congregation.
9. Benediction.

The vocal music will be performed by the Philharmonic Society, under the direction of T. W. Wood.

After the exercises in the Church have

closed, the procession will re-form on Farwell Street, in the same order, and move through Farwell, Marlborough and Broad streets, up Mann Avenue, Kay, Tuoro and Catharine Streets to the Fillmore House, where the procession will be dismissed for dinner.

The House will be opened at 11 o'clock, for the admission of ladies only, into the galleries. No one will be admitted to the floor of the house previous to the entrance of the procession.

If the day proves favorable, the number of visitors will probably be very large, and the ceremonies imposing.

Fire Department.

At the last meeting of the Firewards of this city, charges were preferred by Chief Engineer Burroughs against Capt. Julius Sawyer, of Aquidneck Engine Company No. 3, for disobedience of orders, and a slight Mr. Dubbe of the same Company, for disobedience of orders, and using disrespectful language.

These charges were referred, for the purpose of citing the accused, and giving them a hearing. The hearing will take place to-night, at the City Hall, at 8 o'clock.

This is a very grave matter, and one in which the whole city, as well as the Fire Department, are deeply interested; and upon the proper decision of it, great interests are at stake. We learn that F. B. Peckham, Jr., Esq., will appear for the respondents, and that the Chief will also be present with counsel. After the trial, we shall probably refer to this matter again.

COULDN'T GET HER BACK.—One day last week, during the prevalence of a violent north easterly wind, some half-a-dozen cordwainers, stimulated by the News' remarks on the happy effects upon health of rowing as an exercise, procured a barge and started out for a pull. The wind being fair and the boat gliding swiftly over the waves, they concluded to visit Fort Adams. The boat went over a humming, and the knights of the lagoon were highly elated at the success of this, their first essay at rowing. After tarrying a while, they started to return, and now came the "tug of war." Vigorously they plied their oars, even until the swells rolled in big drops down their cheeks, and sometimes they would seem to go ahead, when an ugly sea would come and drive them back.

A consultation was had, in which it was agreed to return to port and make their way back to the city by the overland route. On the wharf they were fortunate in falling in with two lads who for fifty cents they induced to take the boat back to the city.

The moral of this is, that persons unaccustomed to rowing should never go out far in a strong easterly wind, as they will in snail-like slowness always find it much easier to get out than to get back again.

BLACK ROPE PERFORMANCE BY A RAT.—Rats are somewhat proverbial for their natural instinct, which often manifests itself in expedients resorted to by them for self-preservation. We were witness of an instance of this a day or two since. Dick, our family cat, had caught a rat, and in his struggles for liberty and dear life, the latter animal escaped up a post on which was stretched a clothes line. Out upon this the fugitive walked, a la Blondin and De Lave, till he had reached what he doubtless considered a safe distance from his pursuer, where he paused to await the issue, watching, with distended orbs, his enemy the cat. The latter, meanwhile, had lost no time in pursuing his prey, and having reached the top of the post, attempted to imitate his ratship in his slack rope performance. But finding this was no go he descended to the ground, and after pausing for a moment watching his prey, he apparently became bewildered at the strange turn matters had taken, and returned to watch the hole from whence the rat had emerged. This was the rat's opportunity, and seizing upon it he descended to the ground and made good his escape.

That Sword.

The sword presented to Col. Turner by Gov. Sprague, last Friday, may be described thus: A light Artillery sabre, burnished steel scabbard and blade, to pattern differing from that in use in the United States Army—being straight and of lighter weight. The hilt and guard are the same as those of the dress sword of the United States Army. The article is of French manufacture, and of exceedingly fine finish, making a valuable present.

EXCURSION TO NEWPORT.—The members of Washington Engine Co. No. 1, of Milford, Mass., will leave Milford on their excursion on Wednesday, the 27th inst., and will arrive at Newport on the morning of the 28th, in the 11 o'clock boat from Providence. They will remain in this city until the afternoon of the 29th.

Freuks of the Lightning.

During the storm Tuesday evening, the lightning struck the N. W. corner of the M. E. Church in Bloomfield, N. J., and ran down the gutter. The ladies of the church were holding an ice cream and strawberry festival in tents, on a vacant space adjoining the church, and one of them was erected immediately adjacent to the building. As the water from the gutter ran against the tent, constable Joseph Osborn took hold of the gutter to alter its direction, just at the moment that the electric fluid struck it. The lightning went into the top of his shoulder, passed down his left arm and leg, and out of his foot to the ground. The skin was torn off, and a round hole, about the size of a small bullet, was left in the bottom of the foot. His leg was completely blackened. His clothing was nearly all torn off, and he was, of course, rendered insensible. Mr. Osborn was taken home, and will probably recover. His escape from death is most remarkable.

Mr. Saml. Smith, who was about assisting Mr. Osborn in fixing the gutter, but had not touched it, was burned on the arm and stopped, and some of them knocked down. Several ladies became frightened and ran home through the drenching rain. The noise of the explosion resembled that of a loud cannon; the whole vicinity was brilliantly illuminated, and a smell of sulphur was left behind. The rain and the accident, of course, made a summary end of the festival.

A dwelling house between Elizabeth and Elizabethport was struck by the lightning during the morning shower, and was burned to the ground.

During a thunder shower near Livingston, N. J., on Saturday last, the lightning struck a house, described through a room, and passed down a young man's person, trailing off

his boots, and then went into the earth—without seriously injuring him.

Mr. Elias Blair, of Flat-har, Vt., was killed in Essex on Saturday last, by being thrown from his wagon, while driving his horse at a rapid pace.

The Montreal Advertiser learns that a disease, supposed to be pleuro-pneumonia, has broken out in the county of Huntingdon, Canada East, and that several cattle have already died of it.

A party of male and female have been arrested in Portsmouth, N. H., for walking the streets—the males in female attire, hoops and all—and the females with breeches on.

The Fairman (N. J.) Register states that the Mayor, Dr. Bailey, a clergyman of that place or its vicinity, has been preaching a sermon in favor of the rope walking of the Lancers, in Bloomsbury, and that some of his hearers, lay and clerical, object to that style of discourse.

A Richmond paper gives an account of the death of a resident of that city from joy. He had succeeded after long litigation in the courts in recovering \$1,000 from a debtor, which was placed in his hands on reception. He was seized with apoplexy, and he died in less than a day.

A boy named Edward Shanley, 14 years of age while driving cows to pasture in Burlington, Vt., on Monday evening, was attacked and teased by one of the cows, one horn of the animal being driven into his body just below the ribs. The boy was still alive at last accounts.

A Pennsylvania paper states that the disease which has been so disastrous to cattle in the Eastern States, has broken out among the sheep in Washington county, and carried off a large number. It is said that it is very similar to the cholera in its operations, carrying off the sheep in a very short time, after being attacked.

It is reported that the new sloop of war Seminole, the first fruits of the Navy Yard at Pensacola, Fla., is a complete failure. The builders left all their chips in the bilge, destroying all use of the pumps, and as the chips rot the stench is said to be insufferable. Besides, the spar deck planking has already begun to rot, and pieces of rotten wood can be taken out by hand. She will have to be planned anew. Then the knees and girders are too small, and of miserable stuff—soft pine in some places—and these must be replaced. The caulking is utterly a sham, and will be done in a short time. She will have to be rebuilt. According to the reports of the Naval Commission:

The Trenton, N. J., Gazette and Republican says that "from every part of the State the good news comes of a glorious fruit crop, and more particularly peaches."

A cold wind of 30 years of age, committed suicide in Detroit on Saturday night, by hanging himself. She lived, with her daughter, a bed-ridden creature, with whom she quarreled continually.

A disease resembling cholera-morbus which prevails in Washington city in a virulent form, is attributed by a correspondent in the Intelligence to the fact that most of the vegetables and fruits of the season have been forced by the employment of deleterious manures.

Andrew A. Dalton, of Springfield, has entered his celebrated horse "Broker" for a 10 mile trot in Worcester, on the Fourth of July, for a purse of \$400. It will be recollected that "Broker" ran one hundred miles from Albany, along the Mohawk valley, and made the distance in twelve hours and forty-five minutes; and also another race of twenty-five miles against the same horse, and won it.

At the recent visit of the Putnam Phalanx of Hartford to the grave of Gen. Putnam in Brooklyn, Conn., an interesting incident transpired. Two aged and venerable men, who attended Gen. Putnam's funeral seventy years ago, were presented to the Phalanx. These aged men, both residents of Windham Co., are Judge Holbrook, aged 90, and Mr. Litchfield. They were made honorary members of the corps, and received the badge of decoration.

An Englishman who could not speak good German was riding a few weeks ago on the railroad from Dresden to Leipzig, when he asked, "as well as he could, how long it took to go through the tunnel." The person he spoke to thought he asked how long before the tunnel would be reached, and he answered, "in half an hour."

When they approached the place the Englishman threw down his carpet bag and pulled off his coat. In a few moments all were enveloped in the darkness of the tunnel. After some ten minutes a streak of light appeared, and the light, oppressed by the heavy atmosphere, seemed impatient to be again in pure air. Soon the full light came, every one took a long breath, when suddenly the ladies gave a simultaneous shriek, and pulled their veils over their faces, to hide from them the disastrous condition of the Englishman. The poor man thought the passage through the tunnel would take thirty minutes, and had been surprised by returning to light in the midst of his toilet, which he had not been able to make at Dresden, and for which he thought he would take advantage of the supposed half hour's darkness.

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion of Hydrogen, sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily, proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Involutions in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Excitability, Dyspepsia, Constipation, Diarrhea, Dysentery, Impaired Consumption, Scrofulous Tuberulous, Salt Rheum, Ministration, White Cholera, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids seldom being ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land. Some very singular instances of this kind are attested of female sufferers, emaciated victims of apparent nervousness; simultaneous exhaustion, critical changes, and that complication of nervous and dyspeptic afever to sit and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary. Unlike the old oxide, it is vigorous, and does not excite the system, but gently, and gently, regularly aperient, even in the most obstinate cases of constipation, without ever being a gastric purgative, or inducing a disagreeable sensation.

It is this latter property, among others which makes it so remarkably effective and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most morbid cases, including the attendant Constipation. In unchecked Diarrhea, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing. In the local pain, loss of sleep and strength, debilitating cough, and remittent hectic, which generally indicate Impaired Consumption, this remedy has always the most gratifying and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberulous, this medicated iron has had more than the good effect of the most capriciously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too cordially invited to this remedy and restorative, in the case peculiarly affecting them. In Rheumatism, both chronic and inflammatory, in the latter, however, more immediately in the former, the most beneficial effects, both in alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers, it is justly necessary by a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. It gives appetite, complete digestion, rapid acquisition of strength, with an unobstructed and cheerful flow of blood. Put up in neat glass bottles, containing 50 pills, price 50 cents per box; for sale by Druggists and Dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to R. B. LOCKE & CO., General Agents, 830 BROADWAY, N. Y.

Miscellaneous.

House has no good facilities for carrying on the printing business, as no establishment of the kind in the West.

PAMPHLETS, POSTERS, CARDS, BANK CHECKS, DRAFTS, PROGRAMMES, CARDS of all descriptions and sizes.

HOTEL PRINTING of all kinds, together with Printing in COLORED INKS and BRONZE.

Neatly, Cheaply, and promptly executed. As the office is thoroughly stocked with new type of all descriptions, and FAST POWER PRESSES, the proprietor feels confident that his work will continue to give the same satisfaction that he has during past years.

GEORGE T. HAMMOND, Proprietor.

Ice Cream Establishment.

THE SUBSCRIBER begs leave to inform his former customers and the public in general, that he has removed his place of business to his New and Elegant Establishment, Third Door North of the "Old Stand," where he is now prepared to furnish Family and Parties of all kinds, who may give him a call, with the choicest of Confectionery, together with Ice Cream, Water Ices, Pastry, Cake, Fruits and Preserves. Having had an extensive experience of several years, he flatters himself of being able to suit all who may favor him with a call. He is also prepared to furnish to any extent, Parties, Balls, Weddings, &c., with his justly celebrated Ice Creams, Water Ices, and all that pertains to a complete outfit in his peculiar branches. As he has opened neither time nor expense in getting up his new and elegant Saloon, and to make his establishment that which it has always been, the first in New York, nothing on his part will be wanting to supply his Patrons and the Public with the best the markets produce; also Ling and Ornamenting of Cakes is executed in a workmanlike manner. All orders in the above line thankfully received and promptly attended to.

ST. NICHOLAS HOTEL.

Broadway, New York.

WHEN COMPLETED, six years ago, the St. Nicholas was universally pronounced the most magnificent, convenient, and thoroughly equipped establishment of the kind on this continent. What it is, then it remains to-day, without a rival in size, in appointments, and in the general elements of comfort and enjoyment. The Hotel has accommodations for 1,000 guests, including 100 complete suites of apartments for families. Six hundred persons can be comfortably seated at the tables of its three public dining rooms, and nothing that modern art has devised for the convenience and social gratification of the traveling public has been omitted in its equipment. It is regarded as the practical details. The early reputation of the house at home and abroad, derived from its magnitude, its superb appointments, and its home-like comforts and luxuries, has been enhanced every year by the unwearied exertions of the proprietors.

A CARD TO THE LADIES.

Dr. Donnan's Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting regulating, and removing all obstructions from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many complaints among young females. Headache, Pain in the Side, Fatigue of the Heart, Languor of the Food, and Disturbed Sleep, most always arise from the intervention of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive. Price 51 per box. For sale at 122, Thames Street, corner Church Street; and at 122, Washington Square, opposite State House. Orders for the trade or addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing 51 to SPENCER & CO., Box 801, Newport Post Office, can have the Pills sent (confidentially) by mail to any part of the country. m27-4ly

SPANISH GOLDEN MIXTURE.

For Females.

THIS elegant vegetable compound has been used by the Spanish Ladies, for regulating the derangements of the female system, and for improving the general health and beautifying the complexion. It is a warm, stimulating and tonic, cordial; it enriches and purifies the blood, quickens the circulation, imparts color to the lips, and cheeks, brilliancy to the eyes, and freshness to its complexion, not attainable by any other means.

It removes Female Obstructions, when all other remedies have failed, and a few doses taken for one week before the monthly period will prevent all obstructions from any cause whatever. This may seem incredible, but try it. If it fails in any case the price will be refunded. Sent to any part of the country. Price 50 cents per box.

For sale by ANNE H. CLARK, M. D., chemist and apothecary, (successor to Andrew Saw.) No. 213 Westminster St., Providence, R. I., whose sole agent; the genuine to be had only at his store. Newport, GASWELL MACK & CO. m28-4m

Medicines.

AYER'S Compound Extract of Sarsaparilla, the most effective remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is composed from the most active remedies that have been discovered for the purgation of this foul disorder from the blood, and the removal of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eczema and SKIN DISEASES. ST. ANTHONY'S FIRE, ROSE, or EUPHORBIA, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SPRAINS, BRUISES, DYSPEPSIA, DYSENTERY, and all other Diseases. COMBINATION ARISING FROM ITZAZO or ITZAZO. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

BY DR. CUDWORTH if failing to cure in less time than any other, more effectually and permanently with less restraint from occupation, or fear of exposure to all weather, with safe pleasant medicines.

SELF-ABUSE AND SOLITARY HABITS, Their effects and consequences; SPECIAL AFFECTIONS AND SITUATIONS, Incident to Single and Married Ladies; SECRET AND DELICATE DISORDERS; MERCURIAL Affections; Eruptions and Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples of the Face; Swellings of the Joints; Nervousness; Constitutional and other Weakness in Youth and the more advanced at all ages of BOTH SEXES, SINGLE OR MARRIED.

DR. CUDWORTH'S MEDICAL INSTITUTE, 181 HIGH ST., PROVIDENCE, R. I.

It is so arranged that Patients never see or hear each other. Recollect the ONLY entrance to his office is No. 181 High Street, having no connection with his residence, consequently no family interruptions; so that on no account can any hesitate applying at his office.

DR. CUDWORTH.

Boldly asserts (and it cannot be contradicted, except by Quacks, who will say or do nothing, upon patients) that he is

THE ONLY REGULAR GRADUATE PHYSICIAN ADVERTISING IN PROVIDENCE, SIXTEEN YEARS.

Engaged in the treatment of Special diseases; a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to STRANGERS AND TRAVELERS.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Providence than most other large cities.

DR. CUDWORTH.

Proudly refers to Professors and Physicians; many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE! Be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of FOREIGN AND NATIVE QUACKS, who know little of the nature, and character of Special Diseases, and less of their treatment, except from Medical Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the dead, but obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS, through false Certificates and References, and recommendations of their medicines by the dead, who cannot expose or contradict them; and who, besides, further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed, constitutionally injured for life.

DR. CUDWORTH'S Charges are very moderate. Communications are received confidentially, and all may rely on him with the strictest secrecy and confidence whatever may be the disease condition or situation of any one, Single or Married.

Medicines sent by Mail and Express to all parts of the United States.

Atlantic House, OPPOSITE TOWN PARK, NEWPORT, RHODE ISLAND. To be re-opened, June 14, 1880.

THIS ELEGANT AND CAPACIOUS HOTEL, ranking in the first order of Summer Establishments, formerly occupied by Joseph B. Weaver, Esq., will open for the season on the above day, under new and most favorable auspices.

The new proprietor solicitors of public patronage and desirous of meriting it, has spared no expense in refurbishing, embellishing and making additional convenience for the greater comfort of sojourners.

Appreciating fully the importance of a right selection of assistants, he has been most particular to obtain the right persons for the right places, and he feels assured from the rigid enquiries made as to the capacity, sobriety and zeal of his employees, that he will succeed in securing the approbation of those who may patronize the Atlantic.

He will avail himself of the abundant markets of New York, to furnish with its choicest provisions the tables of the Hotel, and in the preparation of the meals and table service he intends that it shall be second to no Establishment in the country.

The location of the Atlantic is preeminently beautiful—commanding an immense Oceanic View and its immediate surroundings of rare excellence, particularly the fine Park, stretching along the extensive Hotel frontage.

This Hotel will have an exclusive Band of Helmsmuller's "Germanian Orchestra" to delight the guests with music by this far famed association.

The Telegraph Office is in the Hotel.

To secure choice of apartments an early application is advised.
